

DENR-EMB TO STAGE 5TH MMT NATIONAL CONVENTION FOR EARLY 2016

The Department of Environment and Natural Resources (DENR) through the Environmental Management Bureau (EMB) will conduct the 5th National Multipartite Monitoring Team (MMT) National Convention in the first quarter of 2016. Henceforth, this will be done annually.

The MMT, an effective partner in environmental stewardship adopting its system in environmental protection has been a successful mechanism in eliciting stakeholders' participation in self-regulation and fostering partnerships.

The staging of the MMT National Convention aims to achieve the following:

- a. strengthen DRR/CCA integration in the post ECC process;
- b. present guidance for MMT's continual improvement;
- c. harmonize existing policies on the establishment of MMTs;
- d. present best practices in compliance monitoring, validation, and reporting

The participation of all MMTs nationwide for the upcoming national convention is enjoined.

Dates, venue and other details of the event will be announced in succeeding advisories. #
